

Coach Neil

Practical English for Adults & Professionals

Speak comfortably. Speak confidently.

✓ Neil offers tailored, one-on-one English lessons **focusing on practical communication and confidence.**

✓ **Learn to speak English naturally and confidently** — lessons tailored to your goals, interests, and professional needs.

Is English important to learn?

YES. Here's why English is important:

Improve Social Confidence & Professional Career

A “Speak Japan” survey showed **76.5% of those who refused to communicate** with someone in English said it was because **they didn't have confidence in their English**.

English leads to more positive daily interactions and improves mental health

A study by the University of Kansas found that just **one quality conversation with a friend** during a day (catching up, joking, being open) **increases happiness and lowers stress** by day's end.

Job satisfaction / Salary impact

A survey by RareJob (2022) found that people aged 30+ with intermediate spoken English **earn about ¥1,000,000 more per year**

25% of those with upper-intermediate English **earn more than ¥10,000,000/year**.

- **70% of respondents said their job would be easier with better English skills.**

Coach Neil is perfect for:

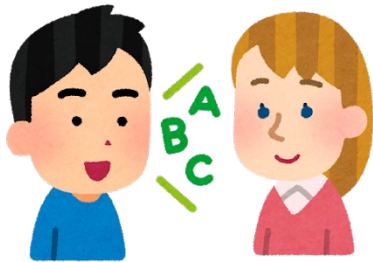

- 👉 **Adults living or working in Japan**
 - 👉 **Professionals who use English at work (or want to)**
